

2015 Washington State Energy Code - Commercial Provisions Trainings

The Northwest Energy Efficiency Council is offering a training in May 2018 about the commercial provisions of the 2015 WSEC. This 6-hour training will provide a summary of information across all disciplines in this Code. Note that several recent official interpretations have been posted by the SBCC on various topics. This presentation will include details from these interpretations.

TRAINING TOPICS INCLUDE:

- ✓ Building envelope provisions & compliance documentation
- ✓ Air barrier testing
- ✓ Refrigerated spaces & systems
- ✓ Lighting system controls & lighting power allowances
- ✓ Controlled receptacles
- ✓ Fan and air distribution system efficiency
- ✓ Dedicated outside air systems (DOAS)
- ✓ Variable air volume (VAV) systems
- ✓ Economizer requirements & exceptions
- ✓ Kitchen exhaust systems
- ✓ Service water heating (SWH) & distribution systems
- ✓ Commissioning (Cx)
- ✓ Additional efficiency package options
- ✓ Requirements for retrofits

TRAINING SCHEDULE

This training is **FREE** thanks to the generous support of our regional and local sponsors. Pre-registration is required. To register, click on the registration link provided.
